San Vittore, 29th February 2016

NEW PANELS WIDTH 555 mmm

Dear Customers,

Following the market needs, **TECSEDO** decided to implement a new width of **TECSEDO®SAFE panels**, intermediate compared to the standard 500 mm and 610 mm.

The chosen width is **555 mm**.

Models available are:

TECSEDO®SAFE eXtra	TSX 555
TECSEDO®SAFE eVo	TSV 555
TECSEDO®SAFE Rake V16	TSR V16 555

The inner side will available in versions 'normal' and 'K'

Samples of panels for your assessments will be sent to you as soon as we will receive your kind requests.

Our staff is at your disposal for any information you may need.

Kind regards

Sales Dept.
